

# Sucker Matchbook Holder

Measure your sucker to determine the Size of the matchbook you need to cut.

These measurements are for the Caramel Apple Suckers:

Cut Patterned Halloween paper  
2 3/4 " X 5 3/4"

Score at;  
2 1/4, 2 3/4, and 5 1/4

Fold all score lines inward.

In the center of the 1/2" wide scores, punch a hole for the sucker stick. Insert a sucker and fold the flap over. Staple in place and your holder is now ready to embellish.

If you don't staple the sucker paper use a little adhesive or double sided tape to hold the sucker in place.
